National Incident Management System Alerts | FEMA.gov

EMI replaced its Incident Command System (ICS) curricula with courses that meet the requirements specified in the National Incident Management System (NIMS). EMI developed the new courses collaboratively with the National Wildfire Coordinating Group (NWCG), the United States Fire Administration and the United States Department of Agriculture.

National Incident Management System (NIMS)

Most emergency management in the United States is done at the local and state level. The Department of Homeland Security has attempted to standardize equipment, organizational structures, and terminology to create better response and preparedness to large and small-scale disasters across the country. The National Incident Management System is a collection of principles and methods that can be ...
