

orientalism occidentalism and discourse pdf

Orientalism is a term used by art historians and literary and cultural studies scholars for the imitation or depiction of aspects in the Eastern world. These depictions are usually done by writers, designers, and artists from the West. In particular, Orientalist painting, depicting more specifically "the Middle East", was one of the many specialisms of 19th-century academic art, and the ...

More recent critical theory. Derrida proposed that the absolute alterity of the Other is compromised because the Other is other than the Self and the group. That logical problem has especially negative consequences in the realm of human geography when the Other person is denied ethical priority in geopolitical discourse.
