A shadow is a dark (real image) area where light from a light source is blocked by an opaque object. It occupies all of the three-dimensional volume behind an object with light in front of it. The cross section of a shadow is a two-dimensional silhouette, or a reverse projection of the object blocking the light.

The Difference between Essays and Reports. A report is a piece of informative writing, while an essay writing is structured around an introduction, body, conclusion, and the essay itself.. While a report always goes to the process of identifying and evaluating the extent of issues in a report, essays focus is slightly different.
