Astrological transits are one of the main means used in horoscopic astrology to forecast future trends and developments (the other means used is astrological progression, which progresses the horoscope forward in time according to set methods). As its name implies, astrological transits involve a method of interpreting the ongoing movement of the planets as they transit the horoscope.

The purpose of this post is to present my list of the top 6 best astrology books for new students of astrology. In this list I focus primarily on books that cover the basics of the fourfold system that is common in most approaches to western astrology, which includes 1) the planets, 2) signs of the zodiac, 3) the doctrine of aspects, and 4) the concept of the 12 houses.
